**JEREMY FINNEY**

Jeremy Finney has been dancing since he could walk. Completely self-taught until the age of 21, he has developed a style all his own. As the lead choreographer for the professional performance group TigerStyle, his choreography has been seen across the nation. Jeremy has performed on America's Best Dance Crew - the Live Tour, MTV, as well as with many major recording artists. He is an accomplished Bboy, having won several competitions nationwide. He is familiar with all forms of dance, including hip-hop, jazz, lyrical and modern and incorporates these styles into his choreography. He focuses on telling a story, moving inside the music and presenting a character. Jeremy's sense of musicality, creative movement and technical attention to detail make his choreography dynamic and in a class of its own.
